

Management of Technology Department

A position announcement of full professorship for the field of intellectual property management

Management of Technology Department
Graduate School of Innovation Management
Tokyo Institute of Technology

Position: Professor or Associate Professor (one full-time position)

Expected Start Date: October 1st, 2014 or earlier date if possible

Minimum Qualification:

- PhD degree or equivalent to PhD degree holder
- Competency of education and research related to intellectual property management or technology dissemination. Over five years of non-academic work experience is desirable.
- English-language proficiency for Japanese applicants
- For non-Japanese applicants, Japanese proficiency for administrative work is required.

Education and Research Field: Intellectual property management

Job Description: - Research in the field related to intellectual property management or technology dissemination

- Supervising graduate students (both master and doctoral students)
- Teaching graduate courses such as intellectual property strategy, etc.
- Administrative work such as various committee, entrance examinations, etc.

Working Place: Tamachi Campus, Tokyo.

Retirement Age: Japanese universities have compulsory retirement ages. At Tokyo Tech the retirement age for tenured faculty members is 65 years.

Required Documents:

- Curriculum vitae including: education, employment, teaching and research records, awards, competitive funds, and the information of four reference persons (name/affiliation/phone number/email address).
- Brief outline of past research achievements
- Description of research plan
- Copies of about 5 representative papers

Application Procedure:

-Submit the required application documents via e-mail.

Deadline: February 24th, 2014 (Japan standard time)

All the application documents should be written either in English or in Japanese.

Please send all the documents by e-mail to tanabe@mot.titech.ac.jp as instructed below.

*When the size of e-mail exceeds 5MB, please divide it into 2 or more e-mails.

*All the application information will be used only for the selection purpose at Tokyo Institute of Technology

Selection Process:

-The first stage is document screening. At this stage, additional materials and/or interviews (by telephone and/or Skype) may be requested.

-The second stage is on-campus interviews for selected applicants. Please kindly note that all travel and accommodation expenses for interviews must be covered by applicants themselves and will not be reimbursed.

-The third stage is the voting by faculty members at the graduate school faculty meeting.

Inquiry:

Koji TANABE, Chair of Professor Selection Committee
for the field of Intellectual property management
